

ADVANCED NOTICE TO WAIVE COMPETITION

DATE: July 23, 2014

REQUISITION NO.: RQWS1400005

PROJECT TITLE: Trihedral License, Maintenance, Support and Upgrade Services

PROCUREMENT OFFICER: Kimberly Craig

It has been determined that the item(s) on the above referenced requisition will not be purchased through full and open competition.

Purpose of the Acquisition: To purchase additional software licenses, installation, configuration, training, customization, maintenance and support services for the Miami-Dade Water and Sewer Department (WASD) to upgrade the existing Miami Springs Visual Tag Supervisory Control and Data Acquisition System (VTScada System) from a 10,000 tag system to a 500,000 tag system.

Trihedral Inc. is the proprietary owner and developer of the VTScada System and associated equipment. No other vendor can offer the additional software licenses, installation, configuration, training, customization, maintenance and support services required for WASD to upgrade the existing Miami Springs VTScada System from a 10,000 tag system to a 500,000 tag system which allows staff to remotely monitor and control the pump stations, record and view historical data, and generate various reports. The purchase will provide continuity of services and ensure no disruption to the proprietary VTScada System provided by this firm.
